CITY OF OAKDALE EARNS RECOGNITION

Oakdale was honored by Minnesota GreenStep and the St. Paul Area Chamber.

The City of Oakdale earned recognition for its efforts in various ways that it serves the community. First, the City earned an award this summer for being a Steps 4 and 5 city in the Minnesota GreenStep program.

Oakdale is one of 146 participating cities and tribal nations in the 13-year-old Minnesota GreenStep program that helps cities and tribal nations achieve their sustainability and quality-of-life goals. This free, continuous improvement program is based upon 29 best practices that are tailored to Minnesota cities and tribal nations. Oakdale first earned Step 5 status in 2018, and only 40 of Minnesota’s 855 cities have earned this distinction.

“The GreenStep Award is a great achievement for the City of Oakdale,” said City Administrator Christina M. Volkers. “By being part of the program, Oakdale and our peers are helping to make Minnesota more resilient for the future while also helping our cities thrive economically.”

In addition to the GreenStep recognition, the City was also honored for achievement in two other areas of its work. At a luncheon on September 13, Oakdale accepted a Leaders in Local

Government Award from the St. Paul Area Chamber for the City’s Business Retention, Expansion and Attraction (BREA) program in the Business Retention and Expansion category. Additionally, Oakdale Recreation was also a nominee for a Leaders in Local Government Award in the Communications and Marketing category.

The BREA program began in the fall of 2022 as a partnership with the Oakdale Area Chamber of Commerce (OACC) as a means to learn how the City can better support local businesses. City staff and officials visited 18 Oakdale businesses to receive a tour, share resources and gather valuable feedback for areas of improvement. Each business was presented with a City of Oakdale commemorative statue in appreciation for being a valued business in Oakdale.

Oakdale Recreation works year-round to provide the community with quality programming, accommodate facility requests, manage the Discovery Center, create and distribute promotional materials and train seasonal staff. The department also coordinates both the Oakdale Farmers Market and Indoor Market, supports Oakdale Wellness 50+ and puts together family-favorite special events throughout the year.

2023 ACORN AWARD WINNERS ANNOUNCED

Each summer the City recognizes outstanding properties for excellence in landscaping with the Acorn Award. Nominations are submitted by Oakdale residents and businesses. The Acorn Award Committee then views and evaluates nominated properties to select winners in three categories. The City Council toured the 2023 winning properties, and the winners were recognized at the City Council meeting on August 22.

Congratulations to the 2023 winners:

- **Public:** Church of Jesus Christ of Latter Day Saints, St. Paul Minnesota Temple, 2150 Hadley Avenue N
- **Business:** Patio Town, 6300 Highway 36 Boulevard N

SUMMERFEST TRANSITIONS TO COMMUNITY VOLUNTEER-RUN EVENT

Oakdale's annual community celebration, Summerfest, saw a significant change in 2023 as it transitioned from a City-run to volunteer-run event. The City of Oakdale would like to thank the newly-formed Oakdale Summerfest Community Organization (OSCO), an all-volunteer nonprofit group, for its work in putting together the 2023 Summerfest celebration and working with the City to ensure a smooth transition.

Do you have ideas to help improve Summerfest? Are you interested in serving the Oakdale community? OSCO is in need of new members and volunteers to help with next year's Summerfest, set for June 24 to 29, 2024. To learn about getting involved, visit www.oakdalesummerfest.com for more information.

CITY COUNCIL ADVISORY BODY OPENINGS

Oakdale has five advisory bodies to the City Council. Several currently have openings for commissioners or board members. For meeting schedules, more information, or to apply, visit www.oakdalemn.gov/298/Advisory-Boodies.

UTILITY BILLING CHANGES

The City of Oakdale completed its transition to a new utility billing software and payment system at the end of August. The new system allows customers to take advantage of multiple convenient payment options, an optimized online experience including secure online payments and advanced functionality, payment scheduling, online bill history and paperless billing.

This payment solution accepts a wide variety of payment methods including cash, check, credit cards and e-checks. It also meets the highest level of online payment security standards.

Customers previously enrolled in auto pay through Payment Services Network (PSN) will need to re-enroll on the new platform. To learn more about payment options and to access the new payment system, scan the code or visit www.oakdalemn.gov/579/Payments. For questions, please call **651-739-5086**.

CITY PASSES CANNABIS ORDINANCES

Beginning August 1, Minnesota legalized the adult use of cannabis, and people ages 21 and up can now possess up to two ounces of cannabis and consume it without legal penalty. In September, the City of Oakdale passed additional ordinances, as permitted by Minnesota Statutes, related to smoking cannabis in public and regulation of cannabis businesses in Oakdale.

Smoking cannabis or hemp products is now prohibited in public places in Oakdale. A “public place” is defined as any indoor or outdoor area that is used or held out for use by the public whether owned or operated by public

or private interests. This includes sidewalks, trails, parks, parking lots and any indoor space as prohibited by the Minnesota Clean Air Act. A violation of this ordinance is considered a petty misdemeanor.

Cannabis may be legally possessed and smoked in a private residence or yard, on private property unless the owner prohibits it, and on the premises of an establishment or event licensed by the state to permit on-site consumption. Low-potency hemp edibles, such as THC gummies, may still be consumed in public places.

Additionally, the City has passed an interim ordinance imposing a moratorium that prohibits the establishment and operation of all cannabis businesses within Oakdale until state regulations are finalized, which is expected in 2025. It also authorizes a study on potential municipal regulations of cannabis businesses to allow the City to review yet-to-be-published model ordinances and administrative rules from the newly-established Office of Cannabis Management prior to making any regulatory decisions, including whether to impose zoning restrictions.

Currently-operating medical cannabis businesses are exempt from the temporary ordinance. Sales of low-potency cannabinoids continue to be legal in Oakdale for eligible businesses with a City license. Exclusive liquor stores may now sell THC-infused beverages with a proper license per a City ordinance.

For more information about cannabis use and sales in Oakdale, visit our cannabis webpage at www.oakdalemn.gov/992/Cannabis-Information.

2023 STATE OF THE CITY

Mayor Kevin Zabel delivered the annual Oakdale State of the City address at the Oakdale Area Chamber of Commerce (OACC) meeting on September 7. A video version of the address highlights some of the changes taking place in Oakdale, some of the challenges the City faces and how we plan to address them.

Some areas of the City's success in 2023 as outlined by the Mayor include:

- Transitioning to a full-time career Fire department;
- Implementing body worn camera technology;
- Expanding City services to accommodate residential and commercial development;
- Strengthening programs and partnerships to support

the local business community;

- Enhancing communications tools to engage with residents;
- Evaluating the City's impact and efforts to improve the environment;
- Developing new recreational offerings;
- Planning for new parks and committing to the rehabilitation of old parks.

To view the entire State of the City video, watch on the City's YouTube channel at www.youtube.com/@CityOfOakdaleMN or scan the code.

WINTER PARKING RESTRICTIONS

Winter parking restrictions run November 1 to April 1. During this time, no vehicles may park on City streets between the hours of 12 to 5 AM, or anytime snow accumulation equals or exceeds two inches until the street is cleared of snow.

SNOW PLOWING QUESTIONS ANSWERED

During the winter, the City receives many questions related to snow plowing procedures. Here are some answers to the most frequently asked questions.

It's been snowing for awhile. When will plowing begin?

The exact start time depends on the predicted start of the snowstorm, intensity of snowfall, and when it is expected to end. In most cases, operations begin between 12 and 4 AM when two or more inches of snow have accumulated.

Why hasn't my street been plowed yet?

The City is divided into seven individual plowing routes, each of which are arterial collector streets that are most often traveled. Those roads are plowed first. Residential streets and cul-de-sacs are usually last to get plowed.

I just shoveled out my driveway. Why did the plow come back and block my driveway with more snow?

During heavy snowfalls, snowplowing is accomplished in three separate operations: a first pass to provide an initial access path; a second pass for width-widening that occurs several hours after a first pass; and a final clean up usually a day after to allow for intersection cleanup, salting and plowing where vehicles parked. Homeowners are responsible for clearing out their own driveways.

It has been more than a day since it stopped snowing.

Why have sidewalks, trails and rinks not been plowed?

The first priority is to remove snow from streets. As a result, a majority of the City's resources are committed to this activity. At the same time, remaining resources are directed to the removal of snow from sidewalks, trails and ice rinks. Since there are fewer personnel and equipment working on this, it takes longer to complete the process especially after a significant snowfall.

Why is the City asking me to shovel out hydrants?

With more than 1,900 hydrants in the City of Oakdale, it's impossible for staff to remove snow from around all of them. Residents are asked to "adopt" a hydrant to clear snow away to assure accessibility in case of a fire.

Will the City replace my mailbox hit by a snowplow?

Mailboxes will only be repaired or replaced by the City if toppled by a snowplow blade and not snow. Before the winter season begins, the City encourages residents to make sure mailboxes are properly installed with a solid post and box that is tightly secured to the post.

How can residents help with the plowing process?

Residents can contribute to an efficient and timely snow removal process by following parking restrictions, being patient with plows and the plowing process, preparing for winter driving and delays, keeping children away while plows work, putting garbage and recycling containers behind the curb, clearing fire hydrants of snow and making sure not to put snow into City streets.

LADDERS AND SQUADS

The City of Oakdale Fire and Police departments teamed up to host the first-ever Ladders and Squads on July 13. This interactive event allowed kids to touch, explore and learn about vehicles and equipment used by public safety agencies including several fire trucks and ambulances, fire hoses, police cruisers, safety vests and helmets, and a Washington County SWAT vehicle. The overwhelming reception and success of this engaging inaugural event has guaranteed Ladders and Squads will become an annual activity for the community to enjoy each summer.

RECOVER PROPERTY WITH FOUNDROP

The City of Oakdale Police department recently started a partnership with Foundrop, a free service that helps owners recover lost and stolen property and focuses on reuniting community members with items that are most important to them. Foundrop allows Oakdale Police to upload its inventory of unclaimed property to a nationwide, searchable database. The Foundrop database is free for residents to view and search.

In addition to a searchable database, Foundrop allows Oakdale residents and businesses to upload an inventory of their valuables before they go missing. Only trusted groups can see contact information that is submitted, and no one can view inventoried property. Users control their privacy. The Oakdale Police department encourages the community to utilize this tool before a crime is committed.

For more information and to view unclaimed property, scan the code or visit www.oakdalemn.gov/988/Lost-and-Stolen-Property.

LEAVES AND YARD WASTE DISPOSAL OPTIONS

While many residents in Oakdale look forward to the beauty of leaves changing colors throughout the City in the fall, yard waste disposal is less enjoyable for most. There are plenty of locations near Oakdale where residents can dispose of leaves and other yard waste for free to help make the cleanup process a little easier this fall.

The Washington County Northern Yard Waste Site, located at 5527 170th Street N in Hugo, is free. Accepted items include leaves, grass, brush and tree waste. For hours and more information, visit www.co.washington.mn.us/3261/Northern-Yard-Waste-Site.

Can't make it to Hugo? There are four other locations that Washington County residents may use for free. A photo ID is required. Scan the code for location hours and more information about these sites:

- Arden Hills (1881 Hudson Road, Arden Hills)
- Battle Creek (389 Winthrop Street S, St. Paul)
- Frank and Sims (1150 Sims Avenue, St. Paul)
- White Bear Township (5900 Sherwood Road, White Bear Township)

Oakdale Public Works does not accept grass clippings or bagged leaves. Residents may drop off branches and brush for a nominal fee during regular business hours until October 20 at Public Works (1900 Hadley Avenue N).

To find other yard waste disposal sites or recycling options, visit the Washington County Disposal Directory at www.co.washington.mn.us/630/Disposal-Directory.

ALL THINGS BUCKTHORN

The City of Oakdale continues to encourage residents to help remove buckthorn, an invasive and non-native species that continues to threaten natural resources. There is a lot to know about this plant, so here are answers to common questions and how you can help.

What is so bad about buckthorn?

Buckthorn spreads very quickly and out-competes native plants for nutrients, light and moisture. It also can degrade wildlife habitat, serve as a host for pests and contribute to erosion.

What does buckthorn look like?

Buckthorn has dark green and glossy leaves, stout thorns, gray outer-bark and bright yellow inner-bark. Small, yellow-green flowers present in the spring, and female trees produce black fruit in the fall with seeds like grapes. Do not confuse these plants with choke cherry plants that include black fruit with a single pit.

How can I remove buckthorn on my property?

Small seedlings can be removed by hand or using garden tools. For larger shrubs, a weed wrench is available for use through the City. Call Public Works at **651-730-2740** to reserve a wrench.

Where can I dispose of buckthorn?

Advanced registration is required for this fall's curbside collection program on the following dates:

- September 26
- October 10
- October 24

Buckthorn can also be dropped off for free on weekdays at Public Works (1900 Hadley Avenue N) from 7:30 AM to 3 PM through October 20.

For more information on buckthorn identification and removal, or to register for curbside pickup, visit www.oakdalemn.gov/722/Buckthorn-Management.

WILLOWBROOKE DEVELOPMENT UPDATE

The Springs at Willowbrooke Apartments hosted a ribbon cutting on August 22 which marked the completion of the Second Addition of the housing development located north of 34th Street N and east of Interstate 694. Half of the planned 1,400 units in the Willowbrooke neighborhood have either been built or are under construction, and the City Council approved plans for the Ninth Addition in June. The Willowbrooke development is expected to spur population growth in Oakdale over the next three to five years.

In addition to mixed residential housing units, Willowbrooke will feature open space, City parks and a network of pedestrian trails and sidewalks. Trail construction began early this fall, and the City expects to break ground on the largest City park in the spring. Over 200 new trees were also planted in the neighborhood in August.

The City's reconstruction of 40th Street N concluded at the end of June following delays due to weather in the

fall of 2022. The stretch of road between Interstate 694 and Ideal Avenue N has been transformed with a new route, pavement with concrete curb and gutter, improved storm water management, pedestrian facilities and a roundabout. This roadway will provide access to the Willowbrooke neighborhood.

DEVELOPMENT MAP

Development is taking place at a rapid pace in Oakdale, and it can be hard to keep up with everything going on. The City wants to make it easier for the community to remain informed and keep track of projects going on. Therefore, the City has launched an interactive map that includes development projects that are either under review, approved, under construction or recently completed. Users can click on a project point to view information about project type, status, developer, approval status and date, and number of units or square footage. To access the map, scan the code.

ONLINE BUSINESS LICENSE PLATFORM LAUNCHES

The City of Oakdale has transitioned business license applications to its online services platform to help improve communication with City businesses and create a more efficient internal process. Any new business licenses or renewals will now be done through the online system. To access applications, scan the code. Questions? Email licensing@oakdalemn.gov or call 651-730-2739.

SKATING RINKS AND WARMING HOUSES

The City of Oakdale outdoor rinks offer both general skating and hockey facilities. All rinks are regularly-maintained, supervised by attendants and include heated warming houses. Rinks are scheduled to open in late December, weather permitting, and will remain open through late February. Rink rentals are available for \$40 an hour plus tax; Monday to Friday, 8 to 10 PM; Weekends, 8 AM to 12 PM.

Contact Nathan Timmons at nathan.timmons@oakdalemn.gov for more information or to make a reservation.

LOCATIONS

- Northdale Park, 5099 Granada Avenue N
- Walton Park (Hockey and Pleasure Rinks), 1584 Hadley Avenue N
- Eastside Park, 1744 Helmo Avenue N

HOURS

- Monday to Friday, 4 to 8 PM
- Saturday, 12 to 8 PM
- Sunday, 12 to 7 PM

Rinks will be closed when temperatures soften ice enough to create unsafe conditions, when actual temps reach -10 degrees or -25 degrees windchill, or more than three inches of snow accumulates on the ice when maintenance crews are unavailable.

A full winter break schedule and more information about outdoor rinks can be found at www.oakdalefun.com.
