FREE YOURSELF FROM FREE NEWSPAPERS

One of the most common questions the city gets is "how do I stop delivery of the free newspapers and advertisements that come to my home?"

The distribution of newspapers and related advertising material is an activity that is protected under the First Amendment. The city, therefore, has very limited control over this activity.

Here is contact information for the respective newspapers so that residents can request that the delivery of free newspapers and advertisements not be made to their homes

BEYOND THE YELLOW RIBBON. As a Yellow Ribbon City, Oakdale assists members of the military and their families with a wide array of tasks, from errands to home maintenance. To learn more, please call Marc Cove at 651-332-5222.

BRUSH DISPOSAL. From mid-April to October, for a nominal fee, you may take branches and brush, under 8" in diameter, to Oakdale Public Works, 1900 Hadley, Monday through Friday, 7:30 am to 3 pm. Please call 651-730-2740 for rates.

DIAL-A-RIDE TRANSPORTATION. Transit Link is intended to serve areas where regular transit route service is not available. Transit Link is available from 6 am to 7 pm, Monday to Friday. To reserve a ride, please call 651-602-5465 up to five business days in advance.

FREE CABLE TELEVISION. Receive channels 6, 14, 15, 16, 20, 95, and 98, in addition to regular broadcast channels for free. Call 651-747-3801 to request "Universal Coverage Channels".

EMERGENCY NOTIFICATION SYSTEM. In December, when the city experienced a water main break and closure on I-694, those residents who were Code Red subscribers were the first to be notified of the situation. To subscribe, go to www.ci.oakdale.mn.us, and select "How Do I", then "Sign Up For", CodeRed.

GARAGE SALES. Each property may have a total of three garage sales per year; with each sale running no more than four days. This includes participation in the citywide sales.

GARAGE SALES - CITYWIDE: May 3, 4, 5. Register from April 1 to April 27 at www.ci.oakdale.mn.us or 651-739-5086.

HEATING BILL HELP. Need assistance with your heating bills? Check out the programs offered at www.caprw.org/community-action-services/energy-assistance.

HOUSE NUMBERS. Exterior address numbers need to be visible from the street, a minimum of 4" in height, and located near the primary entrance.

HYDRANT FLUSHING. Each spring, Public Works crews flush out the fire hydrants in the city to remove sediment. During this process, there could be a slight drop in pressure and water from your faucet may be discolored for a brief period. Please call 651-730-2740 with questions.

IRRIGATION SYSTEM TIPS FOR HOMES AND

BUSINESSES. Irrigate only when necessary; one inch of water per week, including rainfall, is all that's needed to maintain a healthy lawn. Turn off your system's automatic setting and irrigate only when the grass needs water. Contact your irrigation contractor to discuss water saving options and newer technologies. Finally, inspect your system for defective or missing sprinkler heads to ensure that water is reaching all designated zones.

LOAD LIMITS. During the spring thaw, streets are weakened by water trapped below the pavement. Weight restrictions are implemented to help minimize wear and to allow the base time to stabilize. During this time, please advise contractors and delivery providers to comply with posted load limits for city streets.

MAILBOXES. Mailboxes need to be installed as follows: minimum height of the mailbox (not the post) needs to be at least 45" from the gutter channel. The face of the mailbox should not extend beyond the back edge of the curb.

MAIL DELIVERY. Vehicles may not park within 10 feet of *either* side of any mailbox between the hours of 8 am and 6 pm, Monday through Saturday.

MAPLEWOOD/OAKDALE LIONS CLUB. Join the Lions Club! Meetings are held the 2nd Thursday of each month, 7 pm, Oakdale City Hall, 1584 Hadley Avenue.

OAKDALE GARDEN CLUB. Join the Oakdale Garden Club! Call Michelle at 651-702-9017 for more information.

OAKDALE UPDATE CABLE SHOW. Host Frank Orsello offers a wide variety of interesting guests and topics about our community. Current episodes run at various times on Channel 16 and are also available on the city's Facebook page.

PROPERTY COMPLAINTS. Have a concern with or complaint about a neighboring property? Call 651-702-5225. Please note that you need to live within 200' of the subject property -- or be able to see it from your property. All complaints are anonymous.

PROPERTY VALUATION MEETING. If you have a concern with the value of your property, the process for having it reviewed is to attend the Washington County Property Valuation Meeting on April 11 at City Hall, 1584 Hadley Avenue, from 5 to 7 pm. Questions? Please call the assessor at 651-702-5231.

RECREATIONAL VEHICLES. Throughout the year, each property is allowed to keep one recreational vehicle outside in either the side or rear yard (at least 5' from property line) or on the driveway (snowmobiles from November 1 to April 30; other vehicles from May 1 to November 1). Having more recreational vehicles is fine provided only one is outside.

SUMP PUMPS - PLEASE ROUTE OUT! The flow that enters the sanitary sewer system through toilets, wash tubs, and floor drains is sent to the treatment plant in Saint Paul. The flow is metered and Oakdale is charged accordingly. The city, in turn, our utility customers, pay for additional flow. If you use a sump pump, please note that it is illegal to discharge sump pumps into the sewer system. Route discharge outside to your yard, the street, the storm sewer, or waterway. If your sump pump needs to discharge into the sewer system, even temporarily, please call 651-730-2710 to make arrangements.

VETERAN'S MEMORIAL. The Oakdale Veteran's Memorial is located at 1584 Hadley and honors each branch of the military. Order an engraved paver for any person who has served or is currently serving in the military. Oakdale residency is not required. Cost per paver: \$100.

WINTER PARKING. Winter parking guidelines remain in place until April 1 -- no matter how much, or how little, snow falls. During this time, vehicles cannot park on city streets from 12 to 5 am each day. Also, any time there is an accumulated snowfall of 2" or more, parked vehicles need to remain off city streets until the full width of the roadway has been plowed.

CHECK OUT OAKDALE'S NEW, IMPROVED WEB PAGE

Have you explored the city's "new" website? It was launched a few months ago and has several improvements that will make it easier for you to use and to find information. According to Communications Specialist Alyssa MacLeod, there are four major changes that are notable:

1. The site is mobile friendly and responsive to the kind of device you are using. When you log in from a mobile device – be it a tablet or a phone – the site will change the size of the page to fit your device.
2. Users can request e-mail and/or text alerts from the city. Click on the "Notify Me" button on the home page to see the a list of topics to which you can subscribe. For example, you can sign up to be notified when the police department has crime alerts, when there are employment opportunities, when meeting agendas and minutes are available, and when there are updates from the recreation and public works departments.
3. The "Citizen Action Center" – also found on the home page – provides an easy form for residents to report issues, such as a street light outage, a diseased tree, potholes, or park and playground concerns.
4. Through the new website, residents now can live-stream city council and commission meetings on their laptops or mobile devices.

Check it all out! Go to www.ci.oakdale.mn.us.

... AND LOGO

The city's logo received a facelift in November. The updated logo retains Oakdale's iconic tree graphic, but has been refreshed with the incorporation of a contemporary font and vibrant color palette. The updated look follows the style of the City's new website.

OAKDALE NOW ON NEXTDOOR

The city has started using Nextdoor, the private social network for neighborhoods, to improve communications by connecting with residents on a hyper-local level. This integration enables the city to use Nextdoor to build stronger, safer and happier communities with the help of Oakdale residents.

With Nextdoor, Oakdale residents create private neighborhood websites to share information, including neighborhood public safety issues, community events and activities, local services, and even lost pets. The city is able to post information, such as public safety issues, community events and activities, and local services to Nextdoor websites in Oakdale.

Nextdoor is free for residents to join. Each Oakdale neighborhood has its own private Nextdoor website, accessible only to residents of that neighborhood. Neighborhoods establish and self-manage their own Nextdoor website and the city is not able to access residents' websites, contact information, or content. Information shared on Nextdoor is password protected and cannot be accessed by Google or other search engines.

Those interested in joining their neighborhood's Nextdoor website can visit nextdoor.com.

... AND INSTAGRAM

The city has expanded its social media presence by joining Instagram, the social networking site used for sharing photos and videos. Follow us at <https://www.instagram.com/oakdaleminnesota/> or search for oakdaleminnesota when using the app. Share your own photos by using the hashtags #myoakdale and #oakdaleproud.

You can also connect with us on Facebook (<https://www.facebook.com/cityoakdalemn/>) or Twitter (@oakdalemn).

VOLUNTEER OF THE YEAR

Jodi Christensen was selected as Oakdale's "Volunteer of the Year" for 2017. The City Council chose Christensen for her work in numerous volunteer efforts, including serving as a member of the Oakdale Area Chamber of Commerce and the Oakdale Economic Development Commission.

Christensen, a Tartan High School graduate, organizes a prayer breakfast to honor area veterans, spearheads the Oakdale Business Showcase, and distributes hot dogs at the annual community picnic.

Congratulations, Jodi!

OAKDALE'S ANIMALS

CHICKENS. Interested in owning chickens? Please call 651-702-5204 to learn about required permits.

DEER. Deer are beautiful, wild animals, but deer and developed areas can spell t-r-o-u-b-l-e. Deer can wreak havoc on gardens, landscaping plants, and trees and shrubs. As such, feeding deer is not permitted and creates community-wide problems necessitating in the reduction of the population.

DOG PARK. Oakdale's new off-leash dog park, the Oakdale Bark Park, is located along 50th Street, between Helena and Heather Ridge roads.

FEEDING WILDLIFE AND WATER FOWL. Please remember that the feeding of wildlife and water fowl is not allowed. Bird feeders are allowed but they need to be least five feet above the ground or structure.

GEESE. Every year, the city receives numerous complaints about Canadian Geese. As such, feeding geese is not permitted. View the city's "Goose Management Plan" at www.ci.oakdale.mn.us or call 651-730-2704.

LEASHES. When dogs and cats leave their premises, they need to be leashed or under other physical control. Dogs need to be leashed when in city parks, except the Oakdale Bark Park.

LICENSES. Several times a year, lost pets are picked up by the police department. Lucky pets are wearing their city-issued license and their owners are easily contacted. The unlucky ones go to the local shelter where they wait for their family to claim them. Even house pets can wander away and wearing a license may be their only form of communication. In Oakdale, each dog or cat over six months of age needs to possess a current city-issued license. Licenses are available at 1584 Hadley Avenue, during regular business hours (present a certificate of current rabies vaccination) or at the annual vaccination clinic. City-issued licenses expire March 31.

NUISANCES. Animals which "run at large" may be impounded by the Police Department whether they are licensed or not. It's important to remember that not everyone enjoys the company of pets - even some other pets. Please take care so that your pet(s) does not disturb others or their property.

NUMBER OF PETS. Pet owners with more than three of any single type of domestic animal, over three months old, need to obtain a permit from the Police Department.

SANITATION. Pet owners need to remove and properly dispose of pet droppings from their yard on a regular basis. Also, taking your pet off your property, be sure to have something with you to pick up excrement and disposing of it in a trash receptacle. You will find Mutt Mitt dispensers in parks for your convenience.

WILD OR EXOTIC ANIMALS. Interested in owning wild or exotic animals? Please call 651-702-5204 to learn which animals are allowed with a permit.

2018 BUDGET SUMMARY

One of the city's primary goal is maintaining a conservative budget while continuing to provide a high-level of services. Throughout the year, any time you have questions, would like additional information about the city's budget, or would like to participate in the budget process, please call the Finance Director at 651-730-2714.

Parks may be cleaned any time between April 23 to 27. Garbage bags are provided and each participant will receive a thank you gift. To volunteer, please call the Recreation Department at 651-747-3860.

SUMMERFEST PARADE:

Select a park, contact the Parks Department at (651) 730-2740 to verify the park is available, then request, complete, and submit an application to finalize the process.

COMMUNITY BOOK & MOVIE SWAP

Bring gently used books and DVD movies to the Discovery Center and swap them for something "new." Books must be in good, readable condition, with the cover intact. Movies must be fully operable and in their original case. Even exchange: books for books and DVDs for DVDs.

CONNECTING THE GENERATIONS

*Are you a senior who needs jobs done around the house?
Are you a teen who wants to help others in the community?*

Seniors, we'll match you up with a teen (13 to 18 years old) who you can contact to do your project, such as yard work, shoveling snow, etc.

ROAD TRIP “Guys and Dolls” Old Log Theater Wednesday, April 18

“Guys and Dolls” is a celebrated musical comedy about rolling the dice and falling in love under the bright lights of Broadway. Set in a mythical New York City, a gambler, Nathan Detroit, wants to set up the “biggest games in town.” Because he needs to float his crap games, he is trying to find a venue and the cash. As the authorities breathe down his neck, Nathan turns to a fellow gambler, and high roller, Sky Masterson, who will bet on anything if the stakes are high enough.

Desperate for a sure thing, Nathan bets Sky can’t get a date with Sarah Brown, the earnest, straight-laced missionary proprietor, of the Save-a-Soul mission. Things don’t go as planned, but along the way you will be treated to some of the most memorable Broadway tunes, including “Luck be a Lady,” “Sit Down You’re Rockin’ the Boat,” “Sue Me,” and “A Bushel and a Peck.” Guys and Dolls takes you from the heart of Times Square, to the cafes of Havana, Cuba, and even into the sewers of New York City, but eventually everyone ends up right where they belong.

Lunch will be served prior to the show at Maynard’s Excelsior. The cost of lunch is not included in the road trip price. Participants will order off the menu and pay individually for their meal. ROAD TRIP "Goin' Out Country" Skyrock Farm & Carousel Tuesday, June 26

If you are looking for a great escape, something unique and a little nostalgic, join us on a visit to the Skyrock Farm and Carousel. This amazing venue, with over 20 antique fair and dance organs, a carved working carousel, and over 40 world class show jumping horses has it all!

Set in the country, only 20 minutes from downtown, your experience begins as you are transported back to the social scene of the 1800s. The nostalgic ambiance comes alive as the colorful history of the carousel animals and the artists who carved them are explained during the guided tour. A Matter of Balance

Fear of falling can be just as dangerous as falling itself. People who develop this fear often limit their activities, which can result in physical weakness, making the risk of falling even greater. Many older adults also experience increased isolation and depression when they limit their interactions with family and friends. A Matter of Balance can help you improve your quality of life and remain independent.

A Matter of Balance is designed to reduce the fear of falling and increase activity levels among older adults. You'll learn to set realistic goals to increase activity, change your environment to reduce fall risk factors and learn simple exercises to increase strength and balance.

OAKDALE JOINS A COMMUNITY SOLAR GARDEN

The electricity used in city-owned buildings, water towers, and ball fields will soon be generated from off-site solar technology, thanks to the City Council's decision to subscribe to a community solar garden. Much like a community garden where members grow vegetables in a common space, a solar garden is a centrally-located collection of solar panels that produce electricity for several subscribers.

Subscribers benefit from the cost efficiencies of a large installation and do not have to worry about land acquisition or construction. Subscribers pay the garden owner for the electricity generated from their share of the garden, but also get a bill credit from Xcel Energy for participating. The structure of this bill credit means Oakdale will save money over the course of the subscription in addition to the environmental benefits of using renewable energy.

Are you interested in finding a community solar garden subscription for your home or business? Minnesota CERTs (Clean Energy Resource Teams) has detailed resources for community solar gardens on their website: www.cleanenergyresourceteams.org/solargardens. CERTs also manages the Clean Energy Project Builder www.cleanenergyprojectbuilder.org that connects residents with companies that can help plan, implement and manage clean energy projects, including community solar garden.

PROTECT PONDS AND WETLANDS BY KEEPING SPRING RUN-OFF CLEAN

Did you know that storm water run-off is likely the leading cause of water pollution? As snow melts and spring rains arrive, water run-off travels from driveways and streets straight into storm sewers and into lakes, rivers and wetlands, carrying grease, oil, bacteria, nutrients, sediment and other contaminants with it. Here are some ideas on how you can do your part to keep our waters clean.

- Direct water from downspouts onto the lawn, away from your house and paved surfaces.
- Remove leaves and trash from the storm drains near your home, particularly after a rainstorm.
- Do not rake from your lawn into the street.
- Don't apply lawn care products to frozen ground; wait until the grass starts growing. Also, sweep up and reuse any lawn care products that spill onto streets, sidewalks and driveways.
- Clean your lawn and garden equipment on the grass, rather than on hard surfaces, in the gutter, or over storm drains.
- Sweep up soil and grass clippings. Never wash or blow them into the street.
- Storm drains carry trash from your street to a lake or river, even if it's miles away. Seal your trash bags and keep litter out of the street.
- Pet waste is full of harmful nutrients and bacteria, especially when it washes into lakes and rivers. Pick up after your pet and place the bag in the trash.

Oakdale's recycling programs and other Environmental Management Commission activities are funded, in part, by grants from Washington County.

RE-THINK RECYCLING: AEROSOL CANS

Because aerosol cans contain liquid or gas propellant and are packed under pressure, they can explode under certain conditions. Full or partially filled cans are potentially dangerous as they may explode if exposed to heat or are punctured, which can happen when compacted in a garbage truck.

Protect your waste hauler and yourself by properly disposing of aerosol cans. If your aerosol cans are empty, you may put them in the garbage. (Actually, it's a good idea to check with your hauler to see if they accept the metal for recycling, and if so, you may put the empty cans in your recycling container instead of the garbage.)

If your aerosol cans still contain product, bring them to the Washington County Environmental Center at 4039 Cottage Grove Drive in Woodbury. The facility is open on Tuesdays from 11 a.m. to 7 p.m., on Thursdays and Fridays from 8 a.m. to 4:30 p.m., and on Saturdays from 8 a.m. to 2 p.m.

To avoid problems with aerosol cans, be sure to purchase only as much of a product as you will use and use up all of the products you have. Also, consider purchasing pump sprays instead.

OAKDALE UPDATE COMMUNITY DEVELOPMENT

SHARE YOUR VISION FOR THE FUTURE OF OAKDALE

The Comprehensive Plan is an official statement by the City Council establishing major goals and policies concerning the desirable physical, social and economic development future of the city. The plan represents the community's vision for how it wants to grow, change and renew itself. The plan outlines how it wants to develop its land, redevelop older areas, ensure adequate housing; provide roads, water, sewer, protect natural areas and meet other community goals.

The Comprehensive Plan is . . .

- Broad in Scope: Covers the entire city.
- Comprehensive: Address all the essential elements of the city.
- Long Range: Covers the period 2020-2040.
- General: Provides general direction, not detailed operational plans.
- Internally Consistent: The parts of the plan work together.

- Amendable: When circumstances change the plan can change.

The Metropolitan Land Planning Act requires every 10-years that all cities, counties and towns in the seven-county metro area review, update and amend if necessary their Comprehensive Plan. During the preparation of the plan, community input will be sought to identify issues and shape the goals and policies for the plan.
