# RESIDENT RESOURCE: Important Stuff to Know

**BUDGET AND TAXES.** Learn about the City's 2019 budget and how a share of your property taxes fund a wide variety of services and programs in Oakdale. Attend the Truth in Taxation meeting on December 11, 6 PM, at Oakdale City Hall. Questions? Please call 651-730-2714.

**CHRISTMAS TREE DISPOSAL.** From December 26 through January 31, Oakdale residents may recycle naturally-grown trees at the Public Works Building, 1900 Hadley Avenue for only \$3 per tree. Hours: 7:30 AM to 3 PM, Monday through Friday. Evergreen garland or wreaths cannot be accepted.

**COLLECTED AT CITY HALL YEAR ROUND: CELL PHONES, CHRISTMAS LIGHTS, FLAGS, EYEGLASSES, HEARING AIDS**

**DOGS.** Dear Dog Owners, please remember to:

- Pick up all dog droppings.
- Keep dogs on a leash or other physical restraint when out and about - especially in parks and especially the Oakdale Nature Preserve / Oakdale Park.
- Keep dogs from entering private property that is not your own. Not everyone is a pet lover -- including some other pets!
- Have your dog's city-issued license attached to their collar.

**HEATING BILL HELP.** Need assistance with heating bills? Check out the programs offered at [www.capr.org/community-action-services/energy-assistance](http://www.capr.org/community-action-services/energy-assistance).

**NOTIFICATIONS FROM THE CITY.** You can subscribe to a variety of notices sent out by the City: choose from employment opportunities; council and commission meeting agendas; police, public works, and recreation announcements, and more! To subscribe, go to: [www.ci.oakdale.mn.us](http://www.ci.oakdale.mn.us), and

- Select: "How Do I" at top of page, then
- Select: "Sign Up For", then
- Select: "Notifications" and select which topics you would like to know about via email or text message.

**PROPERTY COMPLAINTS.** Want to let the City know about an issue with a neighboring property? Go to [www.ci.oakdale.mn.us](http://www.ci.oakdale.mn.us) and select the orange "Citizen Action Center" button or call 651-702-5225.

**RECREATIONAL VEHICLES.** Time to put away boats, campers, trailers, and RVs and dust off the snowmobiles. Throughout the year, each property is allowed to keep one recreational vehicle outside; whether it's in the side or rear yard (at least 5 feet from property line) or on the driveway (snowmobiles from November 1 to April 30; other vehicles from May 1 to November 1). Having more recreational vehicles is fine provided only one is outside and the rest are hibernating inside the garage or at off-site storage. Questions? Please call 651-702-5225.

**SCAMS AND HOW TO AVOID THEM.** The Oakdale Police Department has compiled information into a brochure aimed at helping seniors and their families avoid common scams. Request your copy of "Don't Get Hooked" by calling 651-739-5086.

**WILDLIFE AND WATER FOWL.** Please remember that the feeding of wildlife and water fowl is not allowed.

## WINTER REMINDERS:

- **WINTER PARKING.** From November 1 through April 1, City streets need to be free of parked vehicles from 12 to 5 AM as well as anytime snow accumulation equals or exceeds 2 inches, day or night, until streets are cleared curb to curb. A good rule of thumb is to keep vehicles off the road any time there is "measurable snowfall".

- **FIRE HYDRANT - IF IT'S NEAR, PLEASE KEEP IT CLEAR!** Please consider adopting one of the 1,500 hydrants in the City by keeping it cleared of snow so it's easy for fire personnel to locate, and to maintain a path from the street to the hydrant so it's easy for fire personnel to access.
- **KEEPING STREETS CLEAR.** Please don't risk a fine by plowing, shoveling, pushing, or blowing snow into the street.
- **MAILBOX OR SOD DAMAGE.** Properly installed mailboxes (see City's web site or call 651-730-2740) accidentally toppled by the blade of a snowplow will be replaced by City crews as soon as time allows. Please report damage at [www.ci.oakdale.mn.us](http://www.ci.oakdale.mn.us) or 651-730-2740.
- **TRASH CONTAINERS.** On trash collection day, place rubbish and recycling containers on your driveway apron, behind the curb, just prior to 7 AM.
- **PROTECT PIPES.** Prolonged low temperatures and the increased depth of frost in the ground increase the likelihood of water pipes freezing. Frozen pipes are at risk of expanding and rupturing. By monitoring your water service, you may be able to determine if it is beginning to experience difficulties. One sign is seeing discolored water when you turn on the faucet. Another is a water temperature below 40 degrees. (To determine water temperature, hold an instant read or kitchen thermometer under running water or immediately insert the thermometer into a water filled glass). One way to lessen the chance of frozen pipes is to run a faucet at a slow trickle to keep water flowing through the pipes. If you have questions, or if you utilize the services of a pipe thawing company, please call the City at 651-730-2740 or 651-730-2710.

## CLEAN STREETS = CLEAN WATER

Storm drains on your street carry rainwater and snow runoff to nearby lakes and streams. Keeping trash, chemicals, and pet and yard waste from entering the drain can keep our waterways from becoming polluted. What can you do?

- Never dump engine oil or soapy water into storm drains.
- Don't wash out painting supplies in your driveway or the street.
- Rake and Sweep the street in front of your property to keep it from entering the storm drain. Grass clippings and dirt contain phosphorus and nitrogen that create algae and algae can be detrimental to fish, birds, and wildlife.
- Collect trash before it can enter the storm drain.

# METRO GOLD LINE TO OFFER CONVENIENCE AND ACCESS

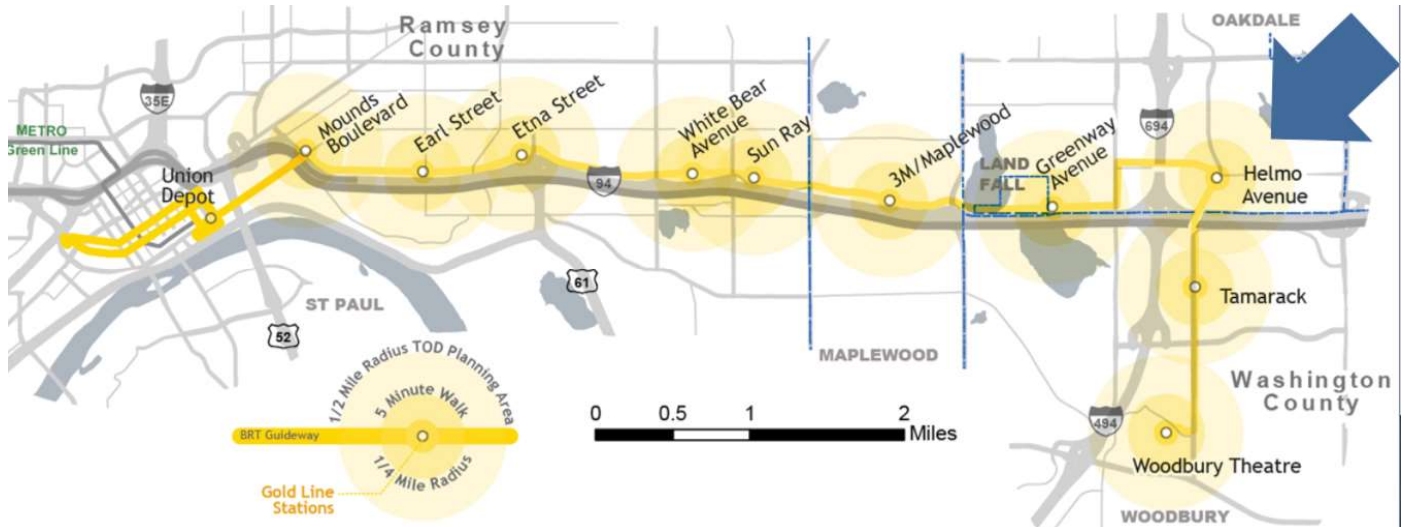

The METRO Gold Line is coming to Oakdale. As part of the regional METRO system, the Gold Line will connect people across the region to job centers, housing options, transit stations and key destinations in the Interstate 94 corridor. The nine-mile Bus Rapid Transit (BRT) line will connect Saint Paul, Maplewood, Landfall, Oakdale, and Woodbury generally along Interstate 94.

Gold Line service, expected to begin in 2024, will offer new opportunities for Oakdale residents to conveniently connect to neighboring suburbs and into downtown Saint Paul. The Gold Line, which will operate in exclusive lanes dedicated to transit buses only, will provide all-day service seven days a week.

The Gold Line project is currently in environmental review and the design advancement phase, with a focus on developing the alignment of bike and pedestrian connections, the design of the stations, and the station area.

There will be two stations servicing Oakdale, one at Greenway Avenue and one at Helmo Avenue. The Helmo station area plan was approved by Oakdale City Council in June. The Greenway station area plan is expected to be completed by the end of the year.

For more information, please visit [www.metrotransit.org/gold-line-project](http://www.metrotransit.org/gold-line-project).

## CITY SETS VISION THROUGH 2040

On August 13, the City Council adopted the 2040 Comprehensive Plan, which outlines how the community wants to develop its land, redevelop older areas, ensure adequate housing; provide roads, water, sewer, protect natural areas, and meet other community goals. The Plan has been sent to all adjacent and affected jurisdictions and the Metropolitan Council for review and comment.

### What is a Comprehensive Plan?

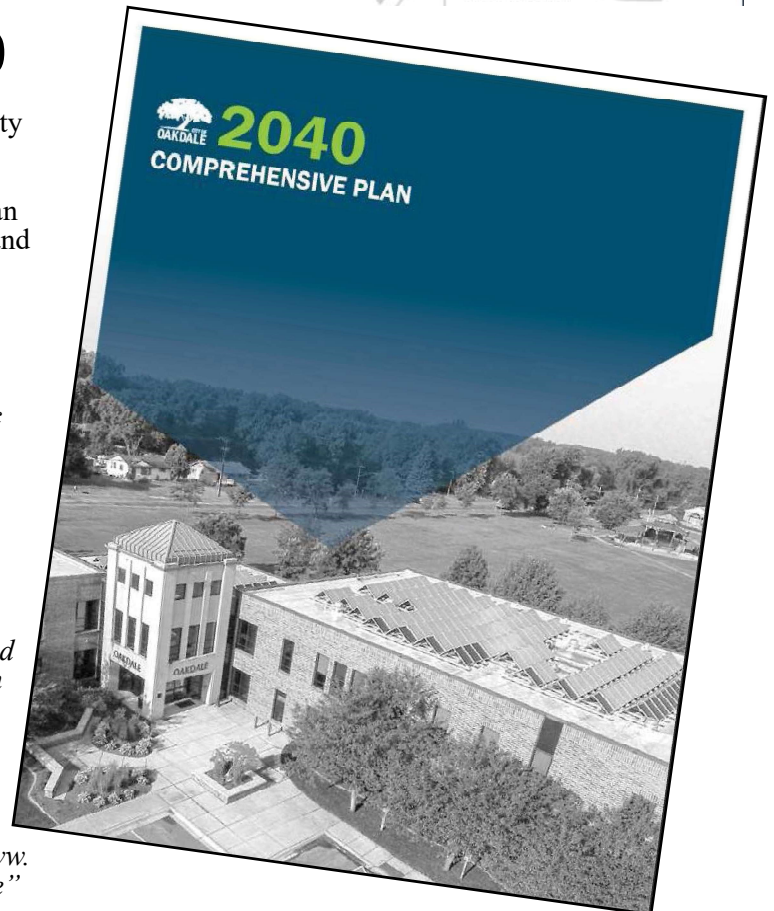

*The Comprehensive Plan is an official statement by the City Council establishing major goals and policies concerning the desirable physical, social and economic development future of the City. The Plan represents the Community's vision for how it desires to grow, change, and renew itself. The Council refers to the Plan when making decisions regarding the physical, social, and economic development of the City.*

### Why is the City Updating Its Comprehensive Plan?

*State law requires that Comprehensive Plans be updated at least every 10 years, and align with the Metropolitan Council's regional system plans related to highways, transit, airports, wastewater services, parks and open space.*

### How Can I Learn More?

*The Comprehensive Plan is available for viewing at [www.ci.oakdale.mn.us](http://www.ci.oakdale.mn.us); search "Comprehensive Plan Update" or call 651-730-2806.*

# HOME ENERGY SQUAD CAN HELP MAKE YOUR HOME COMFORTABLE AND EFFICIENT

Minnesotans place a high premium on comfort. If you experience discomfort in hot and cold weather, this could indicate energy loss in your home. A home that controls both the summer heat and the winter cold is achievable with energy efficiency upgrades. And, it's probably not surprising that a more comfortable home is also more affordable.

Whether you are a new homeowner or have been in a home for decades, a good first step is to schedule an energy assessment. Xcel Energy customers can take advantage of the Home Energy Squad enhanced visit, which includes the installation of energy saving products, such as LED bulbs, door weather stripping, a water heater blanket, and programmable thermostat, as well as an energy assessment that involves a blower door test, insulation inspection, and combustion safety test. , the Home Energy Squad will help assess your home for energy efficiency opportunities.

Mary, from Oakdale, had lived in her home for four years when she learned of Xcel Energy's Home Energy Squad program. Her home was drafty and the energy bills seemed high. So, Mary called and scheduled a home visit. She was impressed with all of the products that were installed and found the technicians to be "very professional and knowledgeable". And, she added "they even helped me program my thermostat!"

The assessment portion of the visit revealed that Mary's furnace was nearing the end of its useful life and an upgrade to a newer model would increase her home's performance by 25 percent. As an added incentive, Xcel Energy offers rebates for replacing old, inefficient heating systems. The Home Energy Squad then helped connect Mary with an approved

contractor to do the work. Mary described the process, from scheduling the home visit to the replacement of her furnace as "seamless". And, there were tangible improvements. Mary reported that her new furnace "warmed up much faster and my heating bills were lower".

The Home Energy Squad enhanced service is valued at \$600 but is available to Xcel Energy customers for only \$100. It is also offered for no cost to income qualified households.

To schedule an appointment with the Home Energy Squad, call 651-328-6220 or visit [homeenergysquad.net](http://homeenergysquad.net).

## RECYCLED INFORMATION ABOUT RECYCLING

Recycling has been in the news alot lately. The good news is that we have become *really good* recyclers; the bad news is that we are putting things in the recycling bin that either cannot be recycled or that interfere with the integrity of the items that *can* be recycled. So let's make Oakdale the "We Recycle Right" capital of the world! Or how about the "We Recycle Right" capital of all the *Oakdales* in the country (there are a lot!) The best part is that it's a simple title to earn. ## COMMUNITY MEMBERS DISCUSS DRINKING WATER SETTLEMENT

On July 31, the community was invited to an open house, hosted by the City, to learn more about the 3M drinking water settlement.

Information was presented on updated studies from the Environmental Protection Agency and Minnesota Department of Health, the formation of a multi-jurisdictional 3M Settlement Working Group, and the City's well operations and water treatment facility. There was also ample opportunity to ask questions.

The presentation is available for viewing at [www.ci.oakdale.mn.us](http://www.ci.oakdale.mn.us). Go to the "Community" tab, then "Resident", and select "Drinking Water". The video link can be found in the left-hand column.

## OAKDALE POLICE OFFICER GRANTS NEW LIFE TO RESCUE DOG

Petey recovering from injuries sustained from a previous owner.

When Oakdale Police Officer Charlie Nelson reported to duty one night in early May of 2017, his shift started with meeting a Pitbull named Petey. Just hours prior to their meeting, Petey was removed from his home after an investigation of abuse complaints were received. He was transferred to an emergency animal clinic to be treated for extensive wounds inflicted by his owner.

Charlie and Petey bonded immediately, and Charlie made daily visits to Petey while he was recovering. After going through an administrative hearing process, Petey became property of the City and was then surrendered to Hillcrest Animal, where he became eligible for adoption. Approximately three weeks after being rescued, Charlie and his wife, Jessy, officially made Petey a part of their family.

Petey and his favorite stuffed animal.

Petey is all smiles with his new family!

Once in his new “forever” home, Charlie discovered a new potential in Petey. Charlie and Jessy’s other dog, Ginger, had been serving as a therapy dog for Canine Inspired Change, a nonprofit organization that connects and empowers vulnerable youth through the healing power of dogs. After seeing Petey’s progress, Charlie realized that he, too, would be a good candidate to be a therapy dog. On July 9, 2018, Petey passed a required temperament test and officially became a therapy dog and ambassador for his breed. Petey will primarily be working with nursing homes, memory care units, and hospice care facilities that partner with Canine Inspired Change, starting this fall.

## NORDIC WALKING

Using Nordic Walking poles can turn an ordinary walk into a total body exercise that delivers far more motivating results *and* makes walking more fun! Poles, resembling ski poles, are used to involve the upper extremities when you walk, toning and firming every major muscle at the same time. Poles offer rubber tips for use on pavement while reducing the impact of the hard surface. Stop by the Discovery Center during regular business hours to check out a pair of our Nordic Walking Poles *at no cost!* Simply present a photo ID and then walk away! Adult sizes only.

During the winter season, the asphalt/paved trails in the Oakdale Nature Preserve are cleared after each snowfall event to accommodate winter walking. However, snow that accumulates on the boardwalk will not be cleared.

## MUTT MITTS and DOG LEASHES

For your convenience, city parks offer Mutt Mitts to easily collect and dispose of your dog's waste when you're on your walk. For the enjoyment of all who walk, ride, or live in our parks, owners are reminded of the requirement to hold onto your leashed dog at all times in parks, especially when visiting the Oakdale Nature Preserve.

After losing the rights to “It's a Wonderful Life,” they race to come up with another play. With piano tuner and Little House fanatic, Neil Gunderson, and lizard-loving massage therapist, Martha Knutson as the only cast members, hilarity ensues as this unlikely bunch scramble to save the beloved theater. ## HONORING CHOICES: ADVANCED CARE PLANNING AND WHY IT'S IMPORTANT

Talking about end-of-life care needn't be difficult, especially when conversations start when all is well. Advance care planning often includes a Health Care Directive—a written document that informs your family and physician of your preferences about life-sustaining treatments

and your wishes for medical care in case you are unable to make or communicate your decisions directly. Another approach is a Physician Orders for Non-Sustaining Treatment (POLST). This event should answer any questions you may have about advance care planning and how to start gathering information.

## THINGS TO KNOW ABOUT THE UPCOMING ELECTION

### ***Q. What are the hours for voting on November 6?***

A. The polls open at 7 AM and close at 8 PM.

### ***Q. Do I need to register to vote each election year?***

A. You only need to register if (1) your name or address has changed, (2) you have not voted in the past four years, or (3) if this is your first time voting. You can register ahead of time at [www.mnvotes.org](http://www.mnvotes.org) or you can register at your polling place on election day by providing the required proof of residency.

### ***Q. What's the best way to find out where I vote?***

A. Enter your address at: <http://pollfinder.sos.state.mn.us>, go to [www.ci.oakdale.mn.us](http://www.ci.oakdale.mn.us) "How Do I", "Find", "Election Information" or call 651-730-2704.

### ***Q. I used to be able to absentee vote at Oakdale City Hall. Would it be possible to do so this year?***

A. Great news! Washington County has added Oakdale City Hall as its fifth in-person absentee voting location for the November 6 General Election. Voting begins September 21 and ends November 5. Other absentee voting locations are: Cottage Grove, Stillwater, Forest Lake, and Woodbury. Washington County residents may utilize any of these locations. Please note that Oakdale City Hall will not be a polling location on August 14 or November 6.

### ***Q. Can I still absentee vote by mail?***

A. Yes, but be sure to submit your absentee ballot application as early as possible to allow time for you to mail in your ballot! Apply at [www.mnvotes.org](http://www.mnvotes.org) or call 651-430-6175 to request an application.

### ***Q. Which Oakdale offices will be on the ballot?***

A. Voters will have the opportunity to vote for mayor (four year term), city council (two, four-year terms), and city council (one, two-year term). Persons elected will take office in January.

### ***Q. How do I learn more about the candidates running for mayor and city council?***

A. The Oakdale Area Chamber of Commerce typically hosts a candidate's forum prior to the General Election. Watch the city's web site for information on date and time.
